## CLASS OF 1917 FARES WELL

Many Graduates Receive  
Excellent Appointments  
as School Teachers

That graduates of the Eastern Illinois State Normal School are recognized by school boards and Superintendents over the country, is shown by the following list. A number of the other members of the class who are teaching, we were unable to locate, but will be glad to publish others when we learn where they are located. The list as follows will show where the greater number of the class of 1917 are now located:

**MARTIN SCHAHRER ON**

**THE LIFE OF A SOLDIER**

24th company, 6th Pt. Battalion, 105 Depot Brigade.

Camp Taylor, Ky. Sept. 14, 1917.

My Dear Pals:

I suppose by the time this reaches you, you will be in school at the E. I. Normal School. I wish I could be with you, but no chance. I have broken into another world and may not get back to the sensible kindly life for some time. I know you will have a fine time. Just step into teaching as if you were old hands at the job. It will become less strange as you advance.

So much for speculation, and the rest will probably interest you more. Before I left Charleston I got a little hand bag from Miss Bucks which contained practically every article which makes life of this sort endurable. There are too many articles to name but it included a knife, scissors, towels, needles, thread, buttons, writing material, powder and mentholatum, besides many other conveniences. The men working on the campus and the janitors got me a wrist watch, and Inskip gave me a bottle of shampoo. The town gave us a good send off and a good dinner.

We reached here at about 8.00 o'clock, A. M. and immediately came to the barracks. The reserve includes about twenty-six hundred acres and has about three hundred buildings, each able to accommodate between one hundred fifty and two hundred men. Each building has its

officers quarters. We sleep on the second floor.

Each man has a cot with a straw mat and two army blankets. Each man has a mess kit which he must wash for himself. It isn't easy to keep clean, but so far I have been doing pretty well with mine. Our chuck is fair and plenty to live on. Training started the morning we arrived. We got our shots yesterday, but haven't got our clothes yet. We all passed the examination.

I have seen Hanford Tiffany, Ralph Zehner and Coen Holsapple. There is a pretty good bunch here. We are off today on account of our vaccinations and will be off tomorrow of course. I haven't gotten lonesome yet. Just here my letter was interrupted. We were all called out to pick up truck around the quarters. You should see Buck Johnston, Edd Hill, and Orlie Rue buckle in with the rest of us. Oh it is a great thing to put men on an equal, both socially and otherwise.

We went to the Y. M. C. A. last night. They had on a boxing match and a good wrestling match. I am going in to box as soon as my arm is in good shape. I wish Baldy was here so I could be sure of not running against a professional. I expect to loaf a good deal around the Y. M. They have a piano, victrola and free writing material excepting stamps.

The officers are a fine lot and the few non-com. are not bad.

I am learning a little every day, but there is a lot to learn in all. Tell all my old friends "Hello" and tell them that I am anxious to hear from them.

Yours  
Martin Schahrer.

## TO FORMER STUDENTS

All members of the Alumni Association and former students of our school who are still loyal and interested in the welfare of the school should not fail to send in their subscription to The Normal School News.

Send us your \$1.00 today and we will mail the paper to any address for the entire school year.

It is the aim of the management to print all the news of interest to both former students and present members of the school. However, the paper could be made much more interesting if everyone having any article of interest would send it in. A collection box has been placed in the east corridor for the students to place their news items in. Use it frequently.

## MATERIAL IS LOOKING GOOD

**Coach Lantz Expecting a  
Light But Fast Team  
This Season**

Although the prospects for a foot ball team are not so promising this year as they have been in former years, we have plenty of good material from which to make a team. Many of them have had little or no foot ball experience but will no doubt after a few weeks hard practice make good on the team. Several men of last year's team are still in school.

Among them are Stephen Turner, one of our best, all around athletes, Leslie Cook, last year's quarterback; Edward Hood, one of our last year's guards, who is still playing up to his old standard; Cecil Prather, who although he did not make the varsity last year, is showing up well. Roscoe Hampton, one of our old veterans of the gridiron is also out for the team and will prove a valuable asset. Merrill McCabe who showed up well last year will probably make a star this year. Many other players who show up well, are out for practice.

Those who will probably make the team are, McKinley Turner, Schrader, a star on Arcola high school team; Berne Norton, John Funk, Horace Gray, Ralph Adams, and several others.

We will no doubt have a good team if the students will get behind it and boost.

Buy an athletic ticket, go out to the games and root for your team.

## STUDENTS WITH UNCLE SAM

Uncle Sam has called upon many E. I. students to follow the stars and stripes. Some of the boys now with Uncle Sam are Martin Schahrer, Harold Hutton, Edd Hill, Ralph Zehner, Hanford Tiffany, Coen Holsapple, and Donald Johnston at Camp Taylor, Kentucky, Hugh Adams at Ft. Sam Houston, Clarence Weger and Andrew Phillips some where in Texas. William Cone at Annapolis, Austin Eddington aboard a U. S. Steamer, Thomas Marshall stationed at Rockford, Byron Markle, William Keen, Charles Prather, Paul Hall, Joe Connelly and Cecil Linthicum at Effingham.

Isn't it good to get back to school and meet all our old friends? True it is, many of our old pals have gone out into the world; but many new ones have come to take their places, the assembly room being almost as full as ever. To the new ones everything will be more or less strange for awhile; but this strangeness will soon disappear, and old E. I. will soon be the next best place to home, sweet home.

Our attendance is surprisingly large considering the present conditions, and this very fact means something. It means that, although not following the colors with guns on our shoulders and red crosses on our arms, we are facing with determination the preparation for our work that we are to do later. That work, the work of teachers, is, indeed, far more important than most people realize, and more so at this present time than ever before. While our nation needs us in the various capacities, it probably needs a large number of us in school rooms more than on the battle fields. If such is the case, and if we wish to be loyal to our nation's interests, we must put forth every effort to advance our preparation for the work our nation is going to call on us to perform.

We all respect the person, who for any good reason does not wish to indulge in athletics. As students we believe in freedom so far as freedom promotes the welfare of our institution. Then we all believe that every part of our school should be patronized. Foot ball is a part of

our school just as much as is mathematics. We believe that we should have a good foot ball team. All agree to that. Yet what are we to think of the tendencies of certain people to shrink from their responsibilities. This is what many of the students this year are doing. In order to have a good foot ball team this fall we must have all our men out for practice. Of course there are fewer boys in school this year than ever before, and our foot ball team is not as heavy as usual, but nevertheless we have some very promising material which no doubt will make a fast team.

Everybody boost for our team. Encourage every boy to go out. Buy an athletic ticket and stand behind the boys financially.

Work on the class memorial, a pergola, was begun Monday morning. It is being built just east of the main entrance to the elementary school building.

### TO THE STUDENTS

The merchants of Charleston whose advertisements are found in this paper will be found reliable and should be patronized by our readers. The Charleston merchants will be found ready to stand by the Normal School in every way. Let us show our appreciation of their loyalty by patronizing them.

By Fern Hostettler

The first weekly Saturday evening dance was held in the gymnasium. About thirty couples were present and a good time was reported by all. The dance was chaperoned by Miss Peters, Miss Vincent, Miss Willard and Miss Gifford. The music was furnished by Giffin and Barton.

Marie O'Donell '19, entertained a few of her friends at a fudge party in her room at Pemberton Hall, Saturday evening. Those present were, Fern Hostettler, Beulah Smith, Josephine Berry, Mae Dona Deems, Marie Engl and Dorothy Davis.

Mabel Snyder entertained a number of her friends at a watermelon supper in her room at Pemberton Hall Monday evening.

The Young Womens' Christain Association gave their annual get-together party Saturday afternoon on the Pemberton Hall lawn. A number of the faculty and girls of the school attended.

## EXPECTING CALL

Mary J. Booth, librarian at the E. I. S. N. S., is expecting a telegram at any time asking her to report for Red Cross duty in New York. Miss Booth is one of the one hundred women who volunteered for Red Cross work in the second line trenches of France. Fifty-three of these women have already been sent to France and the remaining women will be called as soon as preparations can be made for them.

## CHANGES IN FACULTY

It is with regret that we note the absence of a number of the members of our faculty, but to the new members we extend a royal welcome.

Those who have left us are Miss Guest, teacher of drawing and the Senior Class Angel; Miss Smith of the history dept., who it is understood will take up Red Cross work; Miss Niles, teacher of physical education and head head of Pemberton Hall; Mr. Pippit, of the Manual Art dept., Mr. Rodick, of the English dept., Miss Lewis, critic teacher in the Model school, and Miss Geiger, of the music dept.

Among the new members are Miss Peters, head of Pemberton Hall, Miss Farrar, teacher of physical education; Miss Vincent, of the dept. of music; Miss Hitchcock, drawing; Miss Inglis, history; Miss Toomy, critic teacher in the model school; and Miss Wood, critic teacher in the model school. The head of the Manual Arts dept. has not yet arrived and classes in Manual Training and Mechanical Drawing did not meet last week.
